

COLLEGE BOUND OPPORTUNITIES

Gratitude Report
2021-2022

MENTOR. EMPOWER. INSPIRE.

Reaching Great Milestones!

Have you ever wanted something so badly but had no clue how to get there? This was my situation when thinking about college. From a very young age my parents instilled in me the importance of education and always encouraged me to pursue my goals. Although my parents didn't have the opportunity to receive an education past high school, their experiences motivated me to seek higher education for myself. As a first generation student, I couldn't go to my parents for advice on what schools to apply for or how I would afford college. CBO not only helped me at every step when completing college applications but was there for me through college until I graduated from Dominican University in 2021. I am grateful to now be a College Access Associate with CBO and working with the high

school students directly. My experience has been rewarding in many ways. I've seen the hard work and dedication on both sides, as a Scholar and now a staff member. Thanks to your generosity and support of CBO, I have the opportunity to work with our bright Scholars, giving them one-on-one guidance like I once received not too long ago. Our Scholars, including myself, are reaching milestones most first-generation college students could only dream of. Thank you for being a part of our empowering and inspiring community!

*Thank you,
Paola Gutierrez*

Thank you, CBO Mentors!

Mentors are at the heart of CBO and the reason our Scholars graduate at a rate **900% higher than their first-generation peers**. These volunteers commit to supporting their mentee from the time they are accepted into CBO until they graduate college. But the relationship forged between Mentor and Scholar often lasts well beyond graduation. Thank you Mentors, for your continuous commitment to CBO and the Scholars!

College Access

The college access staff works with high school Scholars on an individual basis to ensure they are prepared to apply to a variety of colleges. College Access programming includes the following support for high school Scholars:

- 1:1 assistance with college applications, essays, financial aid & scholarship applications
- Advising students on colleges best suited for all their needs
- Workshops on transitioning from high school to college
- Office hours at each partner high school
- Attend college fairs, meeting with college representatives & campus visits
- New laptop as a graduation gift for college!

Partner High Schools

CBO has forged outstanding relationships with its six partner schools: Buffalo Grove, Deerfield, Highland Park, Lake Forest and Vernon Hills high schools, and Cristo Rey St. Martin College Prep. Members of the administration, faculty and staff at each school are responsible for encouraging students to research and apply to CBO.

College Persistence

Earning a four-year college degree and creating a network established as part of higher education remains a critical component for success in today's society. Our college persistence team guides the Scholars while in college to find resources, advocate for themselves and thrive.

Members of the College Persistence team provide:

- Assistance connecting students with campus resources
- Weekly check-ins with CBO Staff in person or virtual
- Review of class schedules & credits to ensure timely graduation

As a first-generation student, Jaritza was unsure what to expect during her journey to college, but that started to change after being accepted to CBO. One of her favorite CBO memories is attending Onsite in 2017. When Jaritza questioned whether she wanted to go to college, CBO's College Access Director Mike West reassured her saying, 'You will get accepted, you will go to college and you will finish.' CBO never gave up on Jaritza, and she especially appreciates the support she received from her mentors Tina Anagnos and Joel Smith, 'I met the greatest people in my life.'

Jaritza graduated from Dominican University in May with a degree in Accounting and Spanish. She celebrated this milestone with her mother, family and mentors, Tina and Joel. Jaritza begins her career at the Wintrust Credit Academy in July.
