GRATITUDE REPORT 2023-24

Achieving White Coat Dreams

Andy is third from the right

White Coat Ceremony

Andy Estrada's family was all smiles at his White Coat Ceremony this summer. They were justifiably proud as he took the next step on his journey to become a doctor - starting medical school at the University of Wisconsin-Madison. Andy studied hard at Cristo Rey St. Martin College Prep and Loyola University Chicago to earn his spot in medical school. After graduating from Loyola in 2023 with a degree in Molecular and Cellular Neuroscience, Andy worked last year as a Research Assistant at Northwestern's Feinberg School of Medicine. Andy inspired CBO's next class of leaders at the annual High School Graduation Celebration with this advice for starting college, "Everyone has different starting points and access to different resources. Trust the process. If you don't know where to begin, ask for help. You can rely on the CBO community to support you no matter what."

College Access

The college success staff works with high school Scholars on an individual basis to ensure they are prepared to apply to a variety of colleges. The College Access program includes the following support for high school Scholars:

- 1:1 assistance with college applications, essays, financial aid & scholarship applications
- Advising students on colleges best suited for all their needs
- Workshops on transitioning from high school to college
- Staff, embeded in each high school, help arrange visits to college fairs, meeting with college representatives & college campus visits
- New laptop as a graduation gift for college!

Partner High Schools

CBO has forged outstanding relationships with its six partner schools:

Buffalo Grove High School, Cristo Rey St. Martin, College Prep, Deerfield, Highland Park, Lake Forest, and Vernon Hills High school.

Members of the administration, faculty and staff at each school are responsible for encouraging students to research and apply to CBO.

College Persistence

Earning a four-year college degree and creating a network established as part of higher education remains a critical component for success in today's society.

Our college persistence program guides Scholars while in college to find resources, advocate for themselves and thrive on campus.

The College Persistence program includes:

- Assistance connecting students with campus resources
- Weekly check-ins with CBO Staff in person or virtually
- Review of class schedules & credits to ensure timely graduation

CBO's Career Prep Program

CBO's Career Prep Program has evolved to meet the needs of our Scholars in order to help them prepare to enter the workforce. Last January, CBO hosted our annual Internship and Jobs Fair, connecting 25 local businesses who offer paid summer internships, with our very diverse and talented college Scholars. In addition, throughout the month of June, CBO hosted a variety of summer workshops all focused on developing professional skills in order for our Scholars to thrive in the workplace. Some of these workshops included: resume review, interviewing practice and creating LinkedIn profiles. Our summer workshop series culminated with the Annual Networking Dinner, where our Scholars practiced skills learned earlier in the month and connected with local business and community members.

HONORING LISA AND J.B. FLEISHER

This year, CBO came together for our Annual Spring Benefit to honor Lisa and JB Fleisher and thank them for all they have done to support CBO throughout the years. Not only are the Fleishers tremendous supporters of CBO, but Lisa has been an integral part of the Spring Benefit Committee for over 10 years. This sold out event, "Bootleg Bash" was held at 28 Mile in Highwood, IL. Thanks to everyone who came out to support our event, or donated online during our Month of Gratitude, CBO raised over \$315,000, which is our most successful event to date. Due to the generosity of all who support CBO, many more students will be able to attend college! Every gift during our Gratitude month - or any gift to CBO - has a direct impact on the lives of hundreds of young people, their families and communities.
